

  
Messe Westfalenhallen Dortmund  
March 14 - 18, 2012

**CREATIVA**  
Europe's leading exhibition for creative design

CREATIVA

*Creativity. Diversity. Inspiration. In a word ... CREATIVA.*

Whether newcomer or professional: once a year the CREATIVA - probably the biggest and most diverse design studio in Europe - opens its doors to all those interested in creative handicrafts.

Over a total area exceeding 30,000 square metres every kind of creative design product and technique can be found under one roof: from felts, needlework, spinning and weaving, quilting, wood and metal crafts, silk and glass painting, jewellery making, painting, drawing to pottery and much more.

Alongside the exhibition at which around 550 exhibitors will be presenting and explaining their creative craft products visitors will find numerous interactive special shows and creative workshops on offer which will be inviting to join in and try out.

Anyone looking for trends and new ideas for their creative hobby should not miss the CREATIVA and come for a visit to Dortmund between 14th and 18th March 2012.
