JAGD & HUND

International exhibition for hunting and fishing

Welcome to Europe's leading exhibition for hunting and fishing

From 31st January to 5th February 2012 the 31st JAGD & HUND will again open its doors for six exhibition days and present a shopping and adventure paradise for all hunting, angling dog and nature enthusiasts on its approx. 48.000 m² of area.

JAGD & HUND has yet again strengthened its market position through the success of the recent anniversary event. In six exhibition halls, the exhibitors will present their extensive range of products and services, focussing on the fields of hunting (hunting equipment/clothing, hunting dogs, hunting trips, hunting weapons, off-road vehicles) as well as angling (angling equipment/accessories, angling clothing, angling trips) to the interested visitors.

Numerous events such as the presentation of hunting dogs and birds of prey, the illustration of various types of hunting, the spectacular off-road vehicle course, the presentations of the fly fishers in the standing water habitat and the various professional talks in the fishing forum complete the extensive programme.

We warmly invite you to find out more information on your exhibition visit or your participation as an exhibitor on the following pages.
